

## Home Matters.

**AGRICULTURAL FAIR.** — At a meeting held at Buena Vista Hall Saturday evening last to take measures concerning the Fair to be held in this county next fall, M. Jeffers Esq., was called to the chair, and Z. W. Wright, appointed Secretary. The following committees were appointed to solicit subscriptions:

1st. *Ward*—Frank A. Curtis, A. H. Morson.

2d. *Ward*—Geo. F. Lewis, D. A. Robinson.

3d. *Ward*—C. Emerson, D. W. C. Gage.

The committees will "attend to business," next week when our citizens will have an opportunity to display their literary and their artographs.

A MISSIONARY.—Hon. John F. Danos, Republican member of the Michigan State Legislature from this county, having seen fit to extend his sphere of usefulness, is at present employed in enlightening the heathen of the classic regions of the Bayway, N. Y., upon the "Era and Progress of Mormonism." Being a candidate for congressional honors in the 4th District of this State, he doubtless takes this method to fit for the campaign. We give below a few extracts, as near as we may be, of one of his admission tickets, sent from New York to a gentleman here, by which it will be seen that the Honorable member proposes to make himself "useful as well as ornamental."

*ADMIT GENTLEMAN & LADIES.*

**SALT WORKS AT CARROLTON.** — We are informed that contracts have been let for the erection of a boarding house, engine house and tower at Carrollton. The engine has been purchased, and work will be commenced about the 15th of June. Mr. B. Ward is interested in the Carrollton enterprise, and his name in connection with any business enterprise is a sure guarantee that it will be pushed with vigor.

**EST.** Work on the docks, roadway, buildings, &c., at the Salt Works of the East Saginaw Salt Manufacturing Company is progressing finely, and by the 15th prox., all will be in readiness to commence in earnest the manufacture of salt in Saginaw.

**New Goods.** — We notice "leaps" of new goods at Geo. C. Sanborn's, John Derby's, Curtis & Bliss', W. J. Bartow's, Toms & Tucker's, and "round" generally. The spring trade has fairly commenced, and a busy season is anticipated.

**These Salt Kettles.** — The schooner *Reindeer* arrived last Friday, having on board 100 kettles for the Salt Works. They were taken over to the Works on Saturday, and will soon be properly "set up" for use.

**A FINE STOCK.** — Read the new advertisement of W. J. Bartow, in this paper. Mr. B. exhibits excellent taste always in the selection of his stock, and this season has a more "than usually fine assortment."

**WISTAR'S BALM OF WILD CHERRY.** — It established for itself a reputation that cannot be denied. Dr. Wm. A. Shaw, of Washington, N. C., writes to say that it has been used in many cases of divided bellies, either in the rectum or in the bladder, with great success. A short time ago extra charge for morphine after regular hours. General repairing and blacksmithing work done.

East Saginaw, April 12, 1860.
